*Flexibility * Performance * Accuracy * Ease of Operation*

MAILMASTER ASCENT

The Mailmaster Ascent handles #10 to 10 x 13" envelopes, inserting at speeds of up to 7,000 filled envelopes per hour.
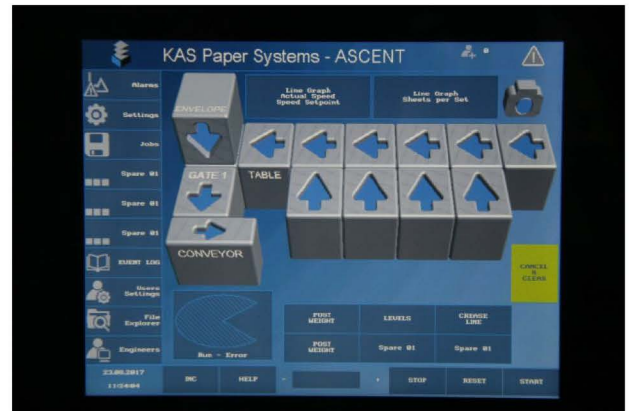

This comprehensive enveloping system offers flexibility, durability and ease of set up.

An important feature of the Mailmaster Ascent is the quick changeover from one job to another, even to go from small to large format envelopes.

The primary feeders feeds, reads, accumulates variable page sets, before folding as required.

Insert stations can handle a wide variety of material including single sheets, card, reply envelopes, pre-folded items, stapled sets, cd's and books.

Error divert gives added integrity as documents associated with an error are outsorted to a separate tray after insertion into an envelope. the envelope is left unsealed for inspection .

FEATURES

- Packing thickness up to 1/2"
- Touch screen control
- Quick changeover between jobs
- Unique insertion system positively guides the documents into the envelope
